

Dear Quinnipiac Families,

At Quinnipiac University, we recognize that students are balancing rigorous academics, extracurricular involvement and personal responsibilities. To help support their success, we are pleased to offer access to E&R – The Campus Laundry, a trusted, school-endorsed provider of professional laundry and dry-cleaning services for the 2026–27 academic year.

Their laundry plans are designed to deliver exceptional value and convenience, often costing no more per week than what many families spend on just a few dry-cleaned items, while covering all students' laundry needs. Select plans even include **unlimited dry cleaning and gentle care**, eliminating per-item charges and ensuring students always have professionally cleaned, polished attire. Beyond convenience, their service uses fabric-friendly processes that protect garments, preserve quality and extend their lifespan, making it a smarter, more cost-effective way to maintain a consistent, well-kept wardrobe throughout the school year.

E&R has over 100 years of experience in garment care and currently serves more than 100 schools and universities. Their plans are structured to deliver strong value and help students maintain a polished, professional appearance for classes, internships, and campus activities.

All items are cleaned in a sanitary, eco-friendly facility using non-toxic solutions, supporting sustainability while providing high-quality care that preserves garments.

By removing the burden of laundry, students gain back an estimated **80–100 hours each year**, time that can be invested into academics, engagement and personal development. As noted in the enclosed materials, clean and well-maintained clothing can also support confidence, organization and overall student success.

Families who wish to participate can enroll at **TheCampusLaundry.com**. Early enrollment includes limited-time savings and promotional benefits.

Program highlights:

- Weekly laundry & linen service with pickup and delivery
- Unlimited dry cleaning and gentle care available on select plans
- Cleaned in a sanitary, eco-friendly facility using non-toxic solutions
- Supports student focus, confidence, and time management
- Trusted by 100+ schools and universities

We are pleased to make this service available as part of our ongoing efforts to support student success at Quinnipiac University.

Sincerely,

A handwritten signature in black ink, appearing to read "Sandip Patel", with a stylized flourish at the end.

Sandip Patel
