

To Governor's Academy families,

For the 2025–2026 academic year, Governors Academy is once again pleased to partner with **E&R – The Campus Laundry** to offer professional **laundry and dry-cleaning services** to all interested families. We are excited to introduce enhanced service options available exclusively through this partnership.

E&R – The Campus Laundry has been providing world-class laundry services for over 100 years, including almost 23 years at Governors Academy. Through their service, your students' **personal laundry and linens will be cleaned weekly**, supporting a healthier, more convenient lifestyle on campus.

The laundry and dry-cleaning plans are thoughtfully designed to give students back **80 to 100 hours** per school year—time they can use for studying, engaging in campus life, or simply relaxing. With decades of experience serving over 100 preparatory schools, colleges, and universities across Greater New England, E&R is proud to offer efficient and dependable service options that fit student schedules.

E&R's **environmentally friendly process** helps reduce the environmental impact by saving up to **86% in water, 68% in gas, and 82% in electricity** compared to standard campus washers and dryers. They also use **GreenEarth® Cleaning**, a non-toxic and sustainable solution, for all dry-cleaning services.

Maintaining clean clothing not only promotes good hygiene and personal organization, but also boosts a student's confidence, appearance, **and overall well-being**. When students look and feel their best, they're more prepared to succeed—academically, socially, and emotionally.

E&R believes in giving students the opportunity to focus on their education and growth, while they take care of the laundry. Their continued investment in community engagement and sustainability underscores their commitment to supporting student well-being—on campus and beyond.
